

# Coffee BREAK

VOLUME 28

NUMBER 3

MARCH 2009

*It's only when you look at an ant through a magnifying glass on a sunny day that you realize how often those little insects tend to burst into flames.*

I KNOW THAT  $2 \times 2 = 4$  BUT  $2 + 2 =$  HMMMM!

A college football coach was talking to a newcomer to the team. "Look, I know I'm not supposed to let you play because you failed all your math courses, but, we really need you. I'll make a deal with you. If you can answer one simple math question, you can play. OK?" The newcomer nodded. "Here we go then. What's two plus two?"

The new guy thought for a moment and then answered, "Four." Before the coach could say anything, the rest of the team started yelling, "Aw, come on coach, give him another chance!"

*A man tried to hijack a busload of tourists recently near Hollywood. Fortunately, the police had over 500 photos of the suspect.*

IT TOOK A LOT OF PULL TO GET THAT AWARD.

What does the Dentist of the Year get? A little plaque.

A young man called directory assistance. "Hello, operator, I would like the telephone number for Mary Jones in Phoenix, Arizona." "There are multiple listings for Mary Jones in Phoenix," the operator replied. "Do you have a street name?" The young man hesitated, then said to the operator, "Well, most people call me Ice Man."

Two college students were talking about cooking. "I got a cookbook a couple of years ago," said one, "but I never could do anything with it." "Were the recipes too hard?" asked his friend. "Absolutely. Every one of the recipes began the same way - 'Take a clean dish ...'"

I HOPE YOUR WIFE LIKES YOU IN STRIPES!

The judge glared at the accused. "So you admit breaking into the dress shop?" "Yes, your honor." "And why was that?" "Because my wife wanted a dress." The judge consulted his notes. "But it says here you broke into the same shop four nights in a row." "Yes, sir. She made me exchange it three times."

*Did you hear about the fellow who died in a bowl of granola? It was tragic. He was pulled under by a strong currant.*

WHEN I SAY MOVE IT! I MEAN BOTH YOU AND THE PAINT.

A new employee at the Department of Transportation was given the job of painting white lines down the middle of a highway. On his first day, the man painted six miles worth of lines, the next day three miles and the following day, less than one mile. When the foreman asked the man why he kept painting less each day, the man replied, "I'm painting at the same speed every day. It's just that I keep getting farther and farther away from the paint can."

A foreigner visiting America was having a hard time with the English language. He was baffled by the varied pronunciation of words like "enough," "bough" and "though." But he really decided to give up when he read the following headline in a local newspaper: "Fete pronounced success."

"This looks like a good spot for a picnic," said the husband. "Yes, it must be," replied his wife. "A million insects can't be wrong."

A man took his wife deer hunting for the first time. He explained that the most important thing was to claim your kill immediately, before anyone else could. Then he left her in her deer stand while he went off and climbed up into another stand. Soon the husband heard his wife's gun go off. He hurriedly climbed down from his stand and rushed to her side. He found her involved in a bitter argument with another man. "This is my kill," insisted his wife. "I can prove I shot this deer." "OK, lady," said the man, realizing she wasn't going to back down. "But do you mind if I take my saddle off your deer before you take it away?"

WOW! THAT'LL PUT A SPRING IN YOUR STEP!

A grasshopper walked into a bar. The bartender said, "Hey, we have a drink named after you!" "You do?" the grasshopper replied, incredulous. "You have a drink named Marlon?"

Two parrots were sitting on a perch. One turned to the other and asked, "Do you smell fish?"

OF COURSE I HAVE A PURRRPOSE!

"Cats are intended to teach us that not everything in nature has a purpose." - Garrison Keillor
